#### **Everyone Can Make Winter Holiday Celebrations Safer**

The Centers for Disease Control and Prevention (CDC) has issued the following recommendations for celebrating the upcoming holidays. Celebrating virtually or with the people you live with is the safest choice this winter. If you do gather with people who don't live with you, gatherings and activities held outdoors are safer than indoor gatherings.

- Wear a mask indoors and outdoors.
- Stay at least 6 feet away from others who do not live with you.
- Avoid crowded, poorly ventilated indoor spaces.
- Wash your hands.
- Get a flu shot as soon as possible.

If you plan to host a winter holiday celebration and will have guests at your home, here's how to make your celebration safer:

- Limit the number of guests.
- Have a small, <u>outdoor celebration</u> with family and friends who live in your community, weather permitting.
- Have extra unused masks available for your guests and encourage everyone to wear them inside and outside.
- <u>Clean and disinfect</u> frequently touched surfaces and items between use.
- Use single-use options, like salad dressing and condiment packets, and disposable items like food containers, plates and utensils.
- Use a touchless garbage can, if available.
- Cancel your gathering if you or someone who lives with you is sick or has been near someone who thinks they have COVID-19.

### Moderna Vaccine Receives FDA EUA

On Friday, December 18, the U.S. Food and Drug Administration (FDA) granted an Emergency Use Authorization (EUA) for the Moderna COVID-19 vaccine. https://www.fda.gov/emergency-preparedness-andresponse/coronavirus-disease-2019-covid-19/modernacovid-19-vaccine. FDA has also issued a fact sheet for healthcare providers administering vaccine https://www.fda.gov/media/144637/download and a fact sheet for vaccine recipients and caregivers. https://www.fda.gov/media/144638/download In addition, on Sunday, December 20, the Centers for Disease Control and Prevention (CDC) in its Morbidity and Mortality Weekly Report (MMWR) released the recommendations from the Advisory Committee on Immunization Practices (ACIP). Use of all COVID-19 vaccines authorized under an EUA, including the Moderna COVID-19 vaccine, should be implemented in conjunction with ACIP's interim recommendations for allocating initial supplies of COVID-19 vaccines. The Moderna vaccine is for use in persons aged 18 years or older. Vaccination with the Moderna COVID-19 vaccine consists of two doses administered intramuscularly, 1 month (4 weeks apart). ACIP's recommendations will be updated as additional information becomes available. https://www.cdc.gov/mmwr/volumes/69/wr/pdfs/mm6 95152e1-H.pdf
